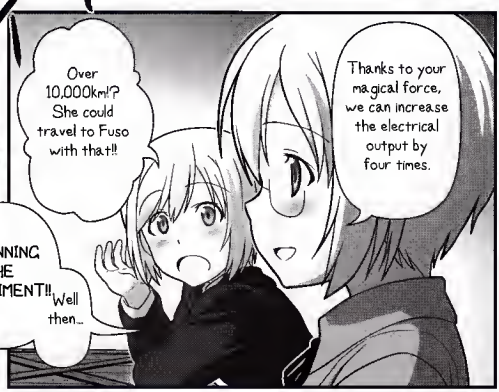
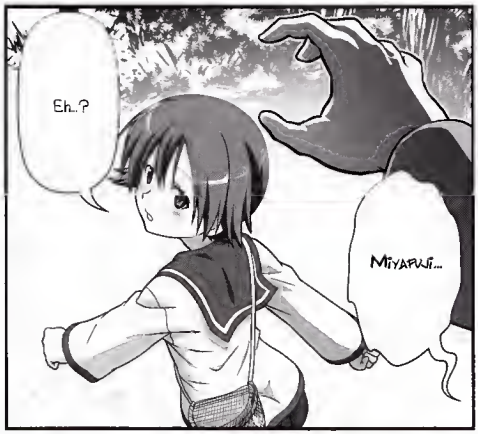
THE PHILADELPHIA PROJECT
October 28, 1943
In Philadelphia, located in the Pennsylvania region of Liberia, a large scale experiment involving the Destroyer Ship Eldridge was held in secret.
In order to give vessels a stealth mode that could protect them from Neural attack, special equipment was used for the experiment, though the details are unknown.
It is believed that the Destroyer Ship Eldridged gave off a strange glow and then suddenly teleported to Norfolk, over 2500km away. It is said that it never returned to its place of origin.

Teleportation, huh? If this goes smoothly...
We'll be able to make surprise attacks from long distances!
You sure about that...?
Well, you're a witch so it'll be fine.
...although there is a high risk of heavy damage...
It was very interesting so I thought I'd try imitating it.

I wonder how Miyafuji's doing..?
Fuso, huh?
バチ



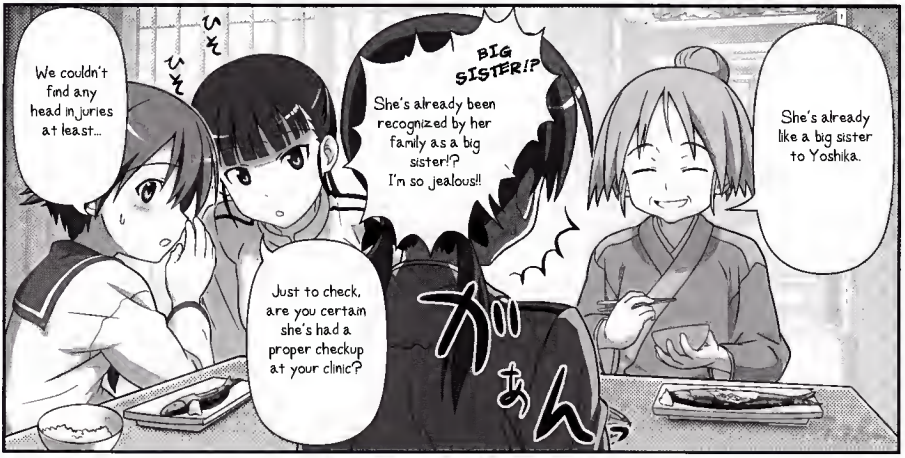
Over 10,000km!? She could travel to Fuso with that!!
Thanks to your magical force, we can increase the electrical output by four times.
BEGINNING THE EXPERIMENT!!
Well then...



TL note: There was a Japanese song here, but I couldn't make it out. Far as I can tell it was still about mice and bears so this fits I guess?

I've certainly heard rumors of crew members being burned, frozen, turning invisible, getting stuck inside walls...
and even developing mental disorders.
Liberia's Philadelphia Project, huh?

Yoshika was worried she wasn't getting enough magical energy and invited her over.
...I'm more curious as to why you're having a normal dinner at Miyafuji's house, Major...
Well, at the least, I understand how you ended up here.



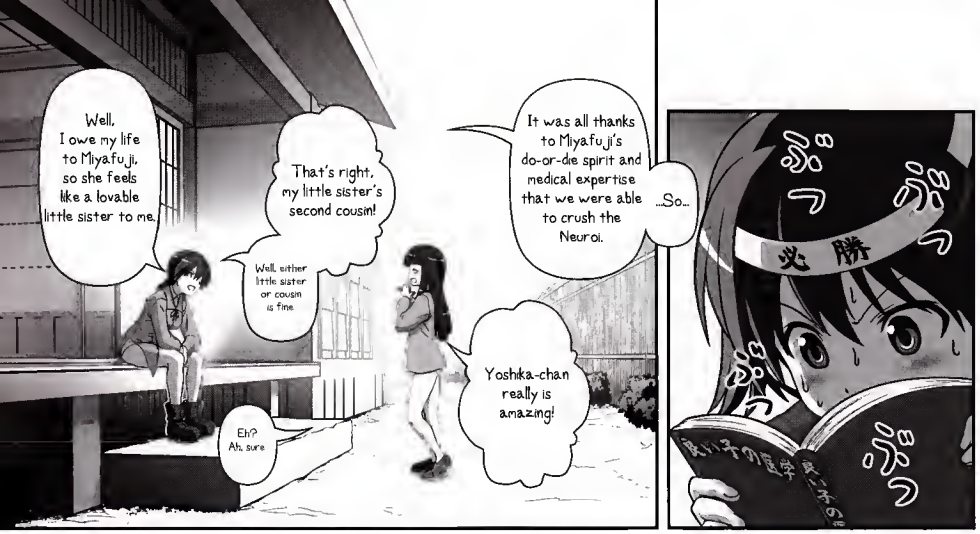
We couldn't find any head injuries at least...
ひえ
ひえ
Just to check, are you certain she's had a proper checkup at your clinic?
BIG SISTER!?
She's already been recognized by her family as a big sister!? I'm so jealous!!
がぁん
She's already like a big sister to Yoshika.

...by the way, why did you choose here to teleport to?
Erm, well it was just a random experiment...
but they were talking about Fuso just before the experiment started...

I'll make arrangements for us to head back to Europe by boat...
and I'll let Hartmann know that you're safe.
Well, just think of it as a little vacation and take it easy.
Sorry. I owe you one.

Well, you could've jumped straight into Neuroi Territory if you wanted...
but you wouldn't have lasted long without your Striker or rifles.
!?
ひく

That's odd...
I could've sworn I had my Striker and rifles on me when the experiment started...
No...
That's not the only strange thing...



Well, I owe my life to Miyafuji, so she feels like a lovable little sister to me.
That's right, my little sister's second cousin!
Well, either little sister or cousin is fine.
Eh? Ah, sure.
It was all thanks to Miyafuji's do-or-die spirit and medical expertise that we were able to crush the Neuroi.
...So...
Yoshika-chan really is amazing!
必勝

CONCENTRATE, MIYAFUJI!
Hoho... How pretty...
じぃ〜...
Ah, she saved my life before too...
Wow...
Look here. You see how there's not even a trace of a scar left?
ガバッ
ぐいっ

I got stuck in a tree...
But Miyafuji's been on my mind for a while now...
my Striker's gone, and yet my shoes are still on...

Boobs again? You never change.
It's been a while since we last saw each other... is what I'd like to say.
てへっ

Why did the experiment send me to this place?
I've been thinking it over and over...
If...
I had died in that experiment...
That would be rather fitting, actually...
I'd be too worried about Miyafuji and end up haunting her as a ghost...

I imagine it must be tough being the only doctors in the village...
That just means we've got to do our best to be the perfect clinic.
I've still got a way to go, but I'm serious about it.

Do you want to... ... sleep together tonight?
WAH! IS THAT ALRIGHT!?
S-Sure... You seem kinda lonely anyway.

It's just the two of us watching the house tonight.
Mom and Grandma already left while you were taking your bath.
They get a lot of emergency calls around this time.
Is that so?

Well, I guess witches have all kinds of preferences...
Kh...
Now that I look at it, she's got a pretty firm grip.
...I should've known it would end up like this...
I knew Lynne's been a victim of this countless times but...
Is this what you'd call craving a mother's love?

Maybe it'd be convenient...
ちゅ～
If I really did...
become a ghost...
くりっくりっ
If my existence were to disappear...
もじ

I could at least leave a little of my presence in Miyafuji's heart...
I could at least be of use to her when she finds a partner in the future...
Even if I'm not the first thing Miyafuji thinks about...
NO, WAIT
MY CUTE LITTLE SISTER BEING RAVAGED BY SOME RANDOM GUY!?

EH..WAIT! BARKHORN-SAN!?
がばぁ
CALL ME ONEE-CHAN!
カ...
フ...
I WILL NEVER...
LET THAT HAPPEN !!
ぐいっ
...I'm a girl, after all.
I can't be your wife, so I'll be your big sister instead.
Barkhorn-san... The experiment really did do something to you... (I think your mind's all messed up)
...I've finally realised...
I've already... (for the sake of what little memory I have left) decided this is what I need to do.

O... Onee-chan?

Tail wags with excitement

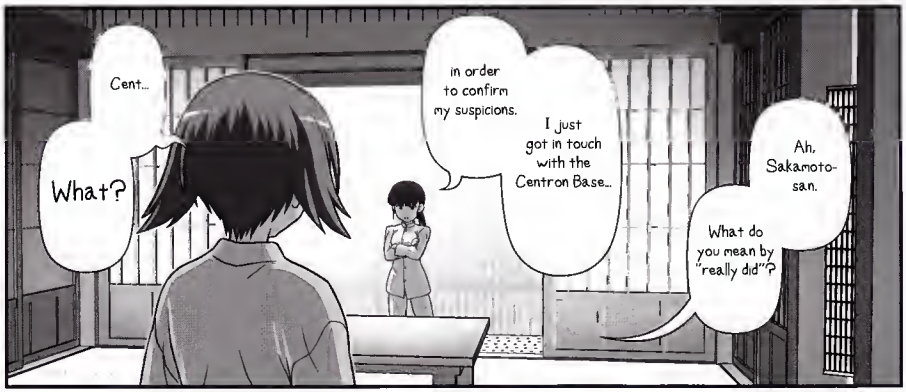
Barkhorn-san?
Huh?

Nn...
O... nee...
パク…

So she really did vanish.
Barkhorn-san~? Where'd you go?
ガラ

Onee-...
Realized she shouldn't say it out loud



Cent...
What?
in order to confirm my suspicions.
I just got in touch with the Centron Base...
Ah, Sakamoto-san.
What do you mean by "really did"?

...Eh?
Then... what was it that stayed together with me yesterday?

What materialized here wasn't the real Barkhorn.
Calm down and listen carefully.

The experiment was a failure.
Her shield kept her body safe from the experiment...
but her mind and magic somehow slipped out.
That occult thing?
An out-of-body experience?

I believe my sister has called it "Miyafuji Deprevation Disease"...
sigh "Close enough, I guess"...?
That's as much as we know.
From our end, she just suddenly fell asleep during the middle of the experiment.
...though that's just my theory...

Could I perhaps not do that?
By the way, I need a report on the behavior exhibited by the Barkhorn that came over here...

I'm not sure how to feel about having a disease named after me...
...Well, I don't really know myself, but it's something like that.

あとがき

どうも、はじめまして、か、御久し振りのあきかんです。
今回はストライクウィッチーズ本なんですが
当初の予定では「ＣＯＭＩＣ☆１」で出すはずだったんですが
間に合わずこんなハンパな時期の発刊となりました。

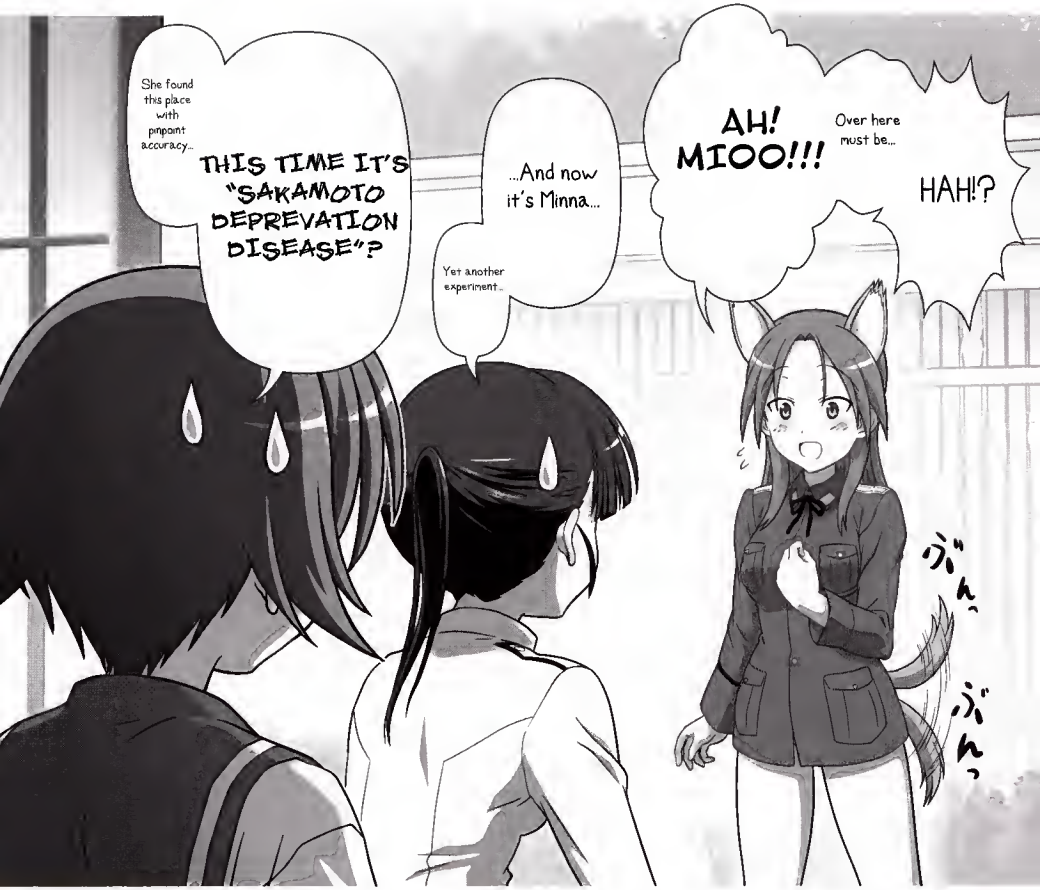
お気に入りのキャラである「お姉ちゃん」ことバルクホルンさんは
色んなところで「妹好きをこじらせ破綻的性格」として描かれる事の多く
この本でも若干その方向のキャラで登場させてます・・・が
本来の彼女の魅力は生真面目で軍人気質な所にあると思うのですよ。
その性格のせいでタイミングを逸して年下を怖がらせてしまうワリに
実は人一倍過保護で、頼られると文句を言いつつもしっかり面倒を見る部分。

いいですねぇ・・・まさに「土下座したらヤラせてくれそうなキャラ」の鏡です。

決して押しに弱いのではなく「仕方ないヤツだ」と言いつつ
望みを叶えてあげる、お姉ちゃんキャラ独特の包容力！
もし生まれ変わってストライクウィッチーズに入隊できたら
迷う事無く土下座しようと思ってます。

さて、次回の参加予定イベントは夏コミです。
夏コミ前には化物語の新シリーズが放映スタートするハズなので
そこから栄養をもらって何か描くつもりでいます。

・・・早めに描き始めないと、また間に合わなくなりそうで怖いですが。
もしかするとＦＦ１４本かも知れませんが・・・まぁ、無いか。



If this experiment continues, it'll definitely be Lynne and Perrine next.
